JUDGE BRUCE DEAD.

Louisville, Jan. 22.—Judge Horatio Washington Bruce, general counsel of the Louisville and Nashville railroad, a member of the Confederate congress from Kentucky and one of Louisville's most honored citizens, died unexpectedly this morning at 8:30 o'clock at his home 1500 Third avenue. For over a year Judge Bruce had been in failing health suffering from the infirmities incident to old age.

DECLARE ANOTHER DIVIDEND.

Louisville, Jan. 22.—The Sun Life Insurance company has declared another cash dividend on its capital stock of \$200,000. The amount of this dividend is \$200 per share, or \$400,000 making \$800,000 that has been distributed to stockholders within a week. Action of the directors was taken at meeting held yesterday afternoon, as was the case when the former dividend was declared, and an effort was made to preserve secrecy as to amount.

YOUTSEY TELLS IT ALL.

Frankfort, Jan. 22.—"I am voluntarily, freely, fully and frankly telling all that I know in connection with the assassination of William Goebel."

So wrote Henry E. Yontsey in a letter to his father-in-law, Judge C. S. French at Winchester, touching the evidence he gave before the Franklin county grand jury.

THREATENS SENA.

TOR BEVERIDGE. Washington, Jan. 22.—Senator Beveridge has been threatened with bodily injury on account of his opposition to the statehood bill. He turned the letter over to the postoffice inspectors.

THEY BEGIN TO COME

Promoter Hoss Arrives to Confer With the Carnival Committee

Representatives of the Bostock and Gaskill Companies Expected Next Week.

THINGS BEGIN TO HUM

In a few days active work will begin towards Paducah's spring carnival which is this year to be given by the Paducah Carnival Association.

Today Mr. Bert Hoss, a promoter, representing the Layton Mighty Carnival company, arrived to confer with the executive committee of the association.

In a few days Mr. H. B. Potter, of the Bostock-Ferari company, will arrive. Mr. Conloy, who had charge of the preparations year before last, will come to represent himself and his company, and Mr. Gaskill will arrive to represent the Gaskill attractions.

The local association can do nothing definite until the incorporation of the company is complete, which will not be until the papers are sent to Frankfort and returned.

The committees can confer with the representatives of the various attractions, however, and complete much of the preliminary work before hand, and this is what will be done.

All the big carnival companies seem to want to furnish the attractions, which insures Paducah the best. This year there will be something entirely new, and the company that offers the latest and best will probably secure the contract.

The question of where to hold the carnival is one that is destined to cause more or less trouble. This year cannot be the same as the past two years, as the public library at Ninth and Broadway now occupies most of the ground formerly used. No suggestions have been received thus far, however and the question of a location can be settled any time before the time for festivities to begin.

POLICE COURT

Jesse Barnhill Goes to Jail for False Swearing.

Several Women Held for Stealing Coal From the N. C. and St. L.

Judge Sanders held a short session of police court this morning and disposed of the cases in short order.

Jessie Barnhill, colored, was held to answer to the grand jury for false swearing and his bail fixed at \$200. There was a fight about one year ago between colored principals and the arrests were made several weeks ago, the parties having been out of the city. Barnhill was a witness in the case and swore falsely, it was charged. A warrant against him was procured and after continuing the case several times Judge Sanders finally refused more time and heard the case today with the above results.

Joe Church, white, who threw a rock through the Chinese laundry wagon window, was fined \$5 with no costs.

Sam Lincoln, colored, who stole a stove from Mike Isaman, broke it up and sold the iron to a junk dealer, was held for obtaining money by false pretenses and his bail fixed at \$200.

Lillie Bulger and Marie Owens, white, and Lizzie Bell, May Boyd and Nora Irvan, colored, were arraigned for stealing coal from the N. C. and St. L. road. Judge Sanders held them over to the action of the grand jury on a petty larceny charge. They live in the vicinity of Ninth and Humboldt streets and it is alleged stole the coal out of a car.

BOX SOCIAL THIS EVENING.

The Christian Endeavor society of the Cumberland Presbyterian church will give a box social in the lecture room of the church this evening. Everyone is invited to attend, and a pleasant evening is assured them.

GIGANTIC SENSATION

Florida Has Never Known the Like Before.

Judge Stewart Sent to Jail for Contempt, Says He Will Make It Warm.

A UNIVERSITY INVOLVED

Tampa, Fla., Jan. 22.—The Stetson University scandal and controversy is the greatest sensation ever heard here, and the action taken by John B. Stetson, its founder, is changing his will, causing it to lose \$500,000 has added fuel to the flames.

Judge Stewart, his attorney, who is in jail here for refusing to testify from whom he secured the letters that are alleged to incriminate a lady teacher at Stetson and an officer there, is the hero of the hour. He denounces the action of the parties behind the Weightnovel case, saying that it was done to bring him here so that the letters could be secured and kept from the public. He says that the letters will be made public at the proper time, and the bombshell he will then explode will shake the state from center to circumference.

There is a long story behind this. Last year a handsome girl, named Irene Randall, died suddenly. Her friends had an investigation made and criminal malpractice was discovered. A Russian doctor, W. N. Weightnovel, was arrested and has been in jail since. Among his effects were found, so it was stated, a number of incriminating letters from various parts of the state, and among other letters showing that a lady teacher at Stetson had been in trouble. The board of trustees and Governor Jennings made an investigation, and pronounced the charges false.

In some manner, Judge Stewart secured the letters touching upon Stetson University, and showed them to Mr. Stetson. This angered him, and he gave his attorney carte blanche for a full investigation.

Judge Stewart came here to testify, but refused to be sworn, and was committed to jail for twenty days for contempt of court. The sensation came when Judge Stewart was asked if he still refused to testify. Judge Stewart responded with a caustic remark, in which he introduced the name of Governor Jennings very freely. He said that he had been brought to Tampa at the instigation of Governor Jennings, whose "hirelings and tools" were "trying to cover up the corruption which existed at Stetson University. Such rotteness has never been equaled since the crucifixion of Christ."

If Judge Stewart makes his evidence public, it is said that it will be the greatest sensation ever created in the state. Politicians are signing upon its effects on Governor Jennings' United States senatorial aspirations.

And the Father is Sure His Son is Saved

Boy Bitten Yesterday at Dawson Springs and Brought Here Today.

Hobart Hindlestone, age 5 years, the son of H. Hindlestone, a farmer residing near Dawson Springs, Ky., was yesterday morning bitten by a dog supposed to have been mad.

The boy was brought to the city last night and this morning the father applied at the bookstore and secured Mr. Frank Mantz's famous medicine and applied it to the boy's face. The dog bit the boy on the right cheek and a painful injury was inflicted. The stone "stuck" and the father is thereby convinced that the dog was mad.

DONALD SHOT ONCE

Colored Teamster Perhaps Fatally Injured Tobe Williams

The Two Worked for Mr. Cliff Burnett and Quarreled at the Latter's Feed Stable.

DONALD MADE HIS ESCAPE

Tobe Williams, colored, is dangerously wounded, and Henry Donald, colored, is a fugitive from justice, as a result of a shooting affray at Mr. Cliff Burnett's feed stable on Madison street between Fourth and Fifth, formerly used by Mr. Will Usterback, last evening shortly after 6 o'clock.

It seems that Williams claimed he had been imposed on by having to feed the teams driven by Donald and Hewland Reeves, all being teamsters in the employ of Mr. Burnett, because the two latter arrived at the stable so late in the morning.

Mr. Burnett reported to them what Williams had said, which angered them. Last evening after coming in for the night, they began discussing what Williams had told Mr. Burnett, and Donald, who did not know Williams was behind the door, called Williams a vile name.

Williams and Mr. Burnett, it seems, were there to have an understanding with the other men and when Donald used the language Williams stepped out from behind the door and said they would "settle the question before the boss."

Vile epithets were exchanged, and before any serious trouble was suspected by Mr. Burnett Donald declared, "you can't call me a s— of a b—," and fired a pistol which he held close to his side, at Williams.

The ball penetrated Williams' stomach below the naval and cut the intestines to seven places. He was taken to his home, 719 South Eighth street, and Drs. Robertson, Meyer and Hensig attended him.

Donald escaped. He lived back of a house near Eleventh and Madison streets. He was familiarly known as "Shorty" and for several years worked for the Leigh Fruit company. He is the negro with the deep barytone voice who always sang loudly while driving his wagon. It is said of him that he is such an expert driver he could get a wagon in where no other driver in Paducah would venture. He is about thirty years old, and the other man is about the same age.

County Attorney Graves, fearing that Williams would die last night, took his statement of the shooting.

Mr. Cliff Burnett, who witnessed the affair, says it all happened in a few seconds, and that he didn't know any shooting was contemplated until it had been done. Donald was never considered a "bad negro," and had never been in serious trouble here.

One of the attending physicians said:

The shot entered the abdominal cavity and passed through the intestines. The physicians performed an operation on the wounded man, cut the abdomen open and took out all the intestines. An examination showed that the intestines had been punctured seven times and all these holes were sewed up, the intestines replaced and the stomach sewed up. The operation was successful as the patient is this morning resting easy. One of the physicians said this morning that nothing can be told relative to his recovery until the expiration of five days as it will require that long to watch the patient and see all the changes. They have hopes for his recovery but say his chances are slim.

1,500,000 CONVERTS

NORTHERN METHODISTS MAKE THIS SPIRITUAL TWENTIETH CENTURY OFFERING.

Chicago, Jan. 22.—One million five hundred thousand converts have been made by the Methodist Episcopal church during the four years of the twentieth century thank offering movement. This is the spiritual accomplishment to be placed in church annals alongside of the \$20,000,000 for benevolences raised through the same movement.

This announcement will be made to the Northwestern Christian Advocate, published in this city tomorrow, the figures being based on reports of the probationers admitted to the church.

In making 1,500,000 converts the church has done more than it originally proposed to do, though not so much as its leaders asked for when the twentieth century movement was foisted upon it. The first suggestion was one million souls; the second two million. There is, however, a chance the advocates believe, that if full returns could be secured, the higher figure would be reached.

The number of probationers admitted during each of the past four years is as follows: 1899, 257,699; 1900, 278,193; 1901, 273,225; 1902, 295,612. In making the estimate of 1,500,000 converts, an addition of 500,000 is made to the probationer figures to allow for probationers who were advanced from probation to full membership in charges to the fall conference before the reports were made out. Two of the bishops believe that this figure should be greater by at least 400,000, bringing the total of converts to about 2,000,000.

BISHOP OF MISSISSIPPI.

DR. ARTHUR L. LLOYD OF NEW YORK TO SUCCEED HUGH MILLER THOMPSON.

Jackson, Miss., Jan. 22.—The diocesan council elected Dr. Arthur L. Lloyd of New York bishop of Mississippi to fill the vacancy caused by the death of Bishop Thompson. The new bishop is now secretary of the board of missions of his church with headquarters at New York. A committee was appointed to visit him and inform him of the action of the council. It is not known whether he will accept the place. The man on whom the choice of the council has fallen is a Virginian by birth and education and was for many years rector of the Norfolk church. Appropriate resolutions were passed relative to the death of the late Bishop Thompson.

COMPLETE LIBERTY

CROWN PRINCESS LOUISE CAN GO ANYWHERE SHE PLEASURES.

Berlin, Jan. 22.—Besides surrendering all her titles, etc., in consideration of the payment of the sum of \$7,500 yearly, the crown princess of Saxony has full freedom of movement, so long as the Saxony and Austrian courts are informed beforehand of her intended changes of abode, and she is guaranteed freedom from arrest. It is assumed that the Dresden and Vienna courts know and approve of her departure from Geneva to Meutsee.

OIL IN KENTUCKY

WAS FOUND AND USED OVER 100 YEARS AGO.

Knoxville, Tenn., Jan. 22.—Ool. D. D. Nicholas of this city has a geography published in London, England, in 1794, which gives an account of oil being found in the state of Kentucky and burned in lamps there as far back as 1793. The book, Ool. Nicholas says, was brought to America 107 years ago.

THE NEW STAMPS DUE

The Dates of Birth and Death of Notables to be on Them.

Postoffice Department Receives Notice of the Approaching Change in Postage Stamps.

MEN WHOSE PICTURES APPEAR

Postoffice department stamp clerks are waiting for halftones which will announce the coming of a new series of stamps to replace all of the ordinary stamps now in use.

The new stamps will have on them the dates on which the notables pictured on the stamps were born and died. Heretofore only the pictures have been published, and no information has been printed on the stamp issues telling of dates.

The information regarding the new stamps received at the postoffice is printed to the following language:

"A new series of ordinary postage stamps will be issued to postmasters. These stamps will bear the words 'Series of 1902,' the surname of the subject (except the eight-cent stamp, which bears the name Martha Washington) and years of birth and death."

Most of the stamps now in use will be changed in some way, either new pictures or new poses will be used, and there will be a change in some of the colors. One of the changes that will reflect the progress of the times is the ten-cent special delivery stamp. Heretofore these stamps have pictured a boy running. The new stamps will show a boy on a bicycle. It will be the first stamp ever printed by the government incorporating the wheel.

"The government recognizes the wheel pictorially two years after the bicycle had been over," said one of the clerks of the postoffice yesterday.

Here is a list showing what the new 1902 stamps will be like when they are received at the Louisville postoffice each of them bearing the words, "Series of 1892":

- One cent, green, Benjamin Franklin.
- Two cents, red, George Washington.
- Three cents, purple, Andrew Jackson.
- Four cents, dark brown, U. S. Grant.
- Five cents, blue, Abraham Lincoln.
- Six cents, magenta, J. A. Garfield.
- Eight cents, dark blue, Martha Washington.
- Ten cents, light blue, Daniel Webster.
- Thirteen cents, slate, Benjamin Harrison.
- Fifteen cents, orange, Thomas Jefferson.
- One dollar, black, D. G. Farragut.
- Two dollars, sapphire blue, James Madison.
- Five dollars, dark green, John Marshall.

ANOTHER ROUND

TROUBLE IN THE EAGLE PACKET CO. UNSETTLED.

The members of the board of directors of the Eagle Packet company had another clash yesterday, and while it did not result in a scene, it indicated that the two factions in the company were out on a peaceful basis, says the Globe-Democrat.

Acting under the advice of an attorney, the Hill faction attempted to hold a meeting of the board of directors at the office on the wharfboat. The Leyhe faction had been notified of the proposed action, with a request that they attend the meeting. When the Hill party reached the office they found the doors locked against them, the Leyhe faction, fearing that the meeting was a ruse on the part of the Hill faction to get possession of the office.

The Hill faction retired to the office of the T. J. Moss Tie company in the Security building, with which most of the members of the Hill faction are also connected, where the meeting was held. It was said that nothing but routine business was transacted.

MARRIED IN TEXAS.

Friends in the city have been informed that Mrs. Sallie Glass, formerly of Paducah, and Mr. L. Y. Langston, formerly of the Van Cleave book store, were married a few days ago at Fort Worth, Tex. The bride was formerly employed in the dry goods department of the J. K. Biederman Grocery Co., but left here about five weeks ago. Mr. Langston resided in Murray before he came to Paducah.

PUT TO THE TEST

PADUCAH PEOPLE APPRECIATE A GOOD THING.

Everybody has their hour of trouble. But people having any itchingness of the skin

Have many hours of trouble. Nothing so annoying. Nothing so irritating. Scrub it, it becomes worse. Leave it alone and you can hardly stand the misery.

Itchiness comes in many forms. Eczema and horrid itching piles. Relief and cure are here at last. Paducah has put it to the test. Doan's Ointment cures every form of itchiness of the skin.

People at home are learning that this is so.

Here is a proof to a citizen's statement.

Mr. J. R. Womble of 1005 South Fourth street, carpenter by trade, says: "For six years itching hemorrhoids were the bane of my existence. During the day when overworked I suffered and at night my rest was disturbed. I tried everything about which I read or which friends and acquaintances advised me to try, still the hemorrhoids existed. The first application of Doan's Ointment, procured at Dolans and Co.'s drug store, gave me relief. After the second day's treatment I slept the succeeding night like a child. It is nearly three months since I stopped the use of Doan's Ointment and there has been no sign of a return. This should leave no doubt in the minds of Paducah people about the merits claimed for that preparation."

DEPOSITOR GETS DAMAGES

BANK'S HONEST MISTAKE NO EXCUSE FOR DISHONORING HIS CHECKS.

Philadelphia, Jan. 22.—"An honest mistake made by a bank is no excuse for its failure to pay checks drawn upon it when there is a deposit in the bank to meet those checks."

Judge Barrett so charged a jury here. He said that a depositor whose checks were dishonored, although he had funds in the bank to meet them, suffered an injury which entitled him to damages.

Samuel Kriak, a cloak manufacturer, was a depositor in the Northwestern National bank. It was testified that, while he had a little more than \$300 in the bank, he drew four checks against it aggregating less than \$100. The checks were returned marked "no funds." It was subsequently discovered that a bookkeeper in the bank had mixed Kriak's account. The bank admitted its mistake.

The jury gave Kriak a verdict for \$1,000.

NEW NAPHTHA SPRINGS

RICH DISCOVERY OF GERMAN ENGINEER ON RUSSIAN ISLAND OF SAKHALIN.

Washington, Jan. 22.—Commercial Agent R. T. Greener writes from Vladivostok that a German engineer has found new naphtha ground on the eastern part of Sakhalin island, and also a large lake filled with dry naphtha. This, he says, would be excellent material for preparing asphalt.

Work, it appears, was begun some four years ago; but it will take a year or two more to develop it, as proper machinery and testing instruments are to be employed for the first time. The prospects for naphtha products are good, and this engineer thinks they promise to be richer than those of Bakou.

THE DEAF AND DUMB

CONTRACT FOR ADDITIONAL BUILDINGS AT INSTITUTION LET.

Dayville, Ky., Jan. 22.—The commissioners of the Kentucky Institution for the Deaf and Dumb awarded the contract for erecting the additional buildings ordered by the last general assembly to A. J. Craig of Covington. His bid was \$38,000. T. F. Clark of this city was awarded the contract to do the plumbing and heating at \$13,875. Work will not begin on the buildings until early spring.

PUTTING IN TELEPHONES.

Linemen for the People's Independent Telephone company are now engaged in putting up telephones. Quite a number have already been put in, and as all the wiring has already been done, the present work does not require long.

IS STILL A MYSTERY

Old Man Claiming to be John Wilkes Booth Unidentified.

Mao Supposed To Have Killed Booth Is Summoned to View the Remains.

BODY IS BEING HELD

St. Louis, Jan. 22.—A telegram to the Globe-Democrat from Guthrie, Ok., says:

It is announced here that Boston Corbett, the man who was supposed to have shot and killed John Wilkes Booth in a burning Virginia barn after the assassination of President Lincoln, has been summoned from Old Mexico to identify, if possible, the remains of D. E. George, the man who committed suicide at Enid, Okla., and announced just prior to his death that he was John Wilkes Booth. It is also stated that secret service men have been summoned from Washington, D. C., for the same purpose and the remains are being held to the morgue pending identification. One thing of interest connected with the above is the fact that Corbett is alleged to be a fugitive from justice, having escaped from an asylum in Kansas. George E. Smith, who came from Colfax, Ia., left for home Monday without making any disposition of the remains. He visited both Enid and El Reno in looking into the property interests left by the suicide. Relative to George being Booth, Smith stated he was in possession of no secrets and knew only of George's own statement in that matter. Smith said:

"He may have been Booth. He was a man of wide experience. I knew him about two years, and can say he was an extensively traveled man, unusually well informed. He confided his life secrets to me only to a small extent. He had a past and told of having killed a man in Texas, for which crime I think he was acquitted."

TAKES UP CUDGELS

LADY HENRY SOMERSET DEFENDS "LOVE AND LIFE."

London, Jan. 22.—Lady Henry Somerset to an open letter says she regrets the objections raised by "certain workers of the Woman's Christian Temperance Union of America" against Watt's picture, "Love and Life," to the White House. "As president of the World's Women's Christian Temperance Union," continues Lady Henry, "I feel it should be made clear that the objection raised by a few women are not held by the majority of the great temperance society, which realizes that the wonderful allegorical picture has to it nothing but tender, beautiful teaching, with the purity of treatment and intention which marks all of that master's work."

"I would, perhaps, not have made this statement so emphatically were it not that I know Frances Willard shared my views in this matter, and would certainly have deprecated the criticisms that have been made by women who have done most excellent work, but who, probably, have no discrimination in judging of the moral effect of works of art."

FORT MASSAC

A MEETING TO BE HELD CONCERNING IT AT SPRINGFIELD.

The Illinois State Historical Society will meet at Springfield Tuesday and Wednesday of next week and one of the most important matters which will come before the members will be the proposition to have the site of old Fort Massac converted into a national park.

On Tuesday evening Mrs. M. T. Scott, of Bloomington, Ill., will open the discussion and the historical value of the old fort to the state will be set forth in detail.

ONE PADUCAHAN

The Committee Getting Ready for the Manufacturers Exhibit.

Mr. Ed Woolfolk, of Paducah, Among Those Added to the Committee.

The first meeting of the committee on exhibits of manufacture of the Kentucky Exhibit Association was held at Louisville.

The matter of individual displays by manufacturers was canvassed thoroughly by those present, resulting in the adoption of a motion directing the chairman and secretary to secure at once a complete classification for the departments of manufactures and machinery at the St. Louis world's fair, the same to be loaned to the public through the press, with an invitation from the committee to all manufacturers in the state to make exhibits at the exposition.

The following additional members were unanimously elected: Captain W. O. Nenes and C. O. Vogt, Louisville; J. H. Hickman, and Fred A. Ames, Owensboro; J. E. Rankin, Henderson; Ed Woolfolk, Paducah; S. S. Savage, Ashland; John A. Droege, Covington; W. A. Longbridge, Lexington.

AMERICAN ROASTED TO DEATH.

SPANIARD IN MANILA TELLS OF WITNESSING HORRIBLE SIGHT.

Manila, Jan. 22.—At the continuation of the trial of Major Edwin F. Glenn of the Fifth Infantry, charged with unlawfully killing seven prisoners of war in Samar, a Spaniard who was at one time held prisoner by the insurgents testified that while he was confined at the headquarters of Gen. Lukban in Samar, in May of 1900, he saw an American prisoner roasted to death.

The Spaniard said sticks were driven into the man's body and he was slowly turned over the fire until dead. The body was then left to be devoured by hogs. He did not know the man's name, but thought he was an officer.

Several American officers and men were captured or reported missing in Samar in 1900, and the victim is believed to have been one of these.

DISASTER AVERTED

BOYS DISCOVER A BROKEN RAIL AND SAVE THE TRAIN.

Clarksville, Tenn., Jan. 22.—What probably would have been a serious railroad accident, resulting in great loss of life, was prevented by two small boys about seven miles beyond Springfield, Tenn. These lads discovered a broken rail and flagged the Hopkinsville accommodation train from Nashville just in time to prevent it from running on to possible destruction. The names of these boys could not be ascertained.

SOULE'S

GREENER FIELDS

THE RUSKIN COLONY IS TO BE MOVED SHORTLY.

Trenton, Mo., Jan. 22.—Walter Vrooman has decided to move Rusk, the Socialist college, to greener fields, and announced today that he had given \$500,000 to endow Midland college, of Dixon, Ill., and will promulgate his university extension ideas at that city.

A large hotel at Glenelg, a suburb of Chicago, is to be converted into a college building, and this will be the new location of Rusk. Twelve schools in Chicago have joined forces and the students will be granted the privilege of earning their schooling in factories and offices and on a large farm located near the college building at Glenelg.

In moving Rusk, Mr. Vrooman's only interests here will be two stores out of twelve acquired while the Western co-operation association was in its bloom, a few town lots and a farm on which he has erected large barns and cattle sheds and a beautiful home. Mr. Vrooman announced that his co-operation deal is a failure and that he lost \$40,000 on the scheme. He operated in Trenton, Kansas City, Galatin, St. Joseph, Maysville and a dozen Kansas towns.

LESS ALARM

SMALLPOX SITUATION IN THE COUNTY IS IMPROVING.

The local state health officer has not yet gone to Flagland to investigate in person the reported smallpox case, but has been making inquiries and has succeeded in tracing the case to its origin.

He stated this morning that the case originated from the one case that came here from Lexington several months ago. A quarantine has been established and every means to prevent a spread adopted. The scare in that vicinity has somewhat abated, and the residents are not so uneasy since the quarantine has been established. The condition of smallpox patients generally in the county is reported better and rapidly improving. There are but few cases in the county and a firm quarantine has been established to prevent any possible spread.

CONFIDENCE EXPRESSED

KENTUCKY MASONS THINK THE TEMPLE WILL BE SAFE.

At a meeting here of representative Masons from various sections of the state to formulate plans for the administration of the new Masonic Temple and to discuss the progress of the work a resolution was passed expressing confidence in the building committee and the belief that the structure would be turned over to the grand lodge sound and safe, says yesterday's Louisville Times.

It was decided that a committee of fifteen, to be appointed by John W. Landrum, the grand master, shall make plans for handling the business interests of the building and suggest a scheme for the organization of a Masonic club to be used for the entertainment of visiting Masons. It is proposed to use a suite of rooms in the Temple for club purposes.

SOME VERSELESS VERSE.

They've made a wireless telegraph,
A horseless carriage, too
And there's no way of telling what
The mind of man can do.
We'll soon be eating henless eggs,
And drinking cowless milk,
And wearing clothes of sheepless wool
Or, mayhap, wormless silk.
How would you like a treeless peach,
Or a piece of hogless pork?
I'd be content if they'd invent
A kind of workless work!
They'll yet make wireless telephones,
Or, maybe, noiseless noise,
And I'm afraid if they keep on
They'll yet make ladless boys!

KENTUCKIAN KILLED IN TEXAS.

Greenville, Tex., Jan. 22.—Conductor A. B. Murray, of the Cotton Belt road, died at Commerce, in this county. He was struck on the head a week ago by brakeman Will Posey, with a sealing iron. The blow was given in retaliation of a joking remark made by Murray, with no bad intent. The body was shipped to Bowling Green, Ky. Posey was out on \$500 bail, but was rearrested and is now in jail.

KING OF MOONSHINERS

Ed Lodgen is Dying in Green County Kentucky.

Has Killed No Less Than Eleven Men, It is Said.

"Big" Ed Lodgen, "king of the moonshiners," is dying in his mountain home in Green county.

Edward B. Lodgen is the most noted moonshiner in Kentucky. It is said that he has killed not less than eleven men, most of them fellow moonshiners, who had informed the government authorities of his operations. His mountain stills have been raided on many occasions, and on as many occasions he was charged with shooting and wounding or killing a United States marshal. Altogether he has spent several years of his life in the Louisville jail and a bigger hearted man than Lodgen was never in the jail. Lodgen lived a tempestuous life. He is dying of dropsy and phthisis in the quiet country home of Theodore Bybee, in Horse Cave, Green county.

Physically Lodgen stands over six feet in height and is large framed. He is about 50 years of age. His square set jaws and stern demeanor indicate his stormy career.

NOTHING IN IT.

THE "JOKE" ON REV. SAM JONES WITHOUT FOUNDATION.

The little story being printed throughout the state and country that Rev. Sam Jones, of Cartersville, Ga., in sending out the wedding invitations to the marriage of his daughter, allowed a ludicrous mistake of the printer to escape his notice, making the invitations say "the honor of your presence is requested," instead of "the honor of your presence," is untrue.

The joke is of course a "pretty good one," but is totally untrue, as those who received invitations know. Judging from the manner in which the story has been seized upon by the press, however, it will probably continue its round, indefinitely, true or untrue.

OLD BIBLE FOUND

WRITTEN ON PARCHMENT IN THE YEAR 116 OF THE MOSLEM ERA.

London, Jan. 22.—In a dispatch from Cairo the correspondent of the Daily Mail reports the discovery in Syria of one of the oldest Hebrew manuscript bibles. It consists of the five books of the Pentateuch, written in Samaritan characters on gazelle parchment in the year 116 of the Moslem era.

It shows important differences from the existing text.

GET LIGHT SENTENCES.

Pittsfield, Mass., Jan. 22.—Enclid Madden and James T. Kelly, indicted for manslaughter in connection with the accident here last August in which Win. Madden was sentenced to serve six months in the house of correction and to pay a fine of \$500. Kelly's case was placed on file.

Ironton, O., Jan. 22.—Word comes from Pollard, Boyd county, Ky., that the "Mules," a vigilance organization, met last night and decided to defy the attempts of the board of health to enforce quarantine regulations made necessary by the smallpox epidemic. TAUGHT A LESSON.

If the judges of some of our Kentucky courts would do as Judge Roberts did at Mount City, Ill., the other day, there would be less to complain of in the way of dilatoriness. He opened court fully expecting it to last three weeks, but the grand jury indicted only three of the five persons in jail, and these three pleaded guilty and were promptly sentenced. A Metropolis paper says:

"This part of the proceedings being disposed of so quickly, left the lawyers in bad shape. They had expected that the first week would be so nearly occupied that, by agreement among themselves, they had set the second week for hearing of their cases. When therefore, on the third day of the first week they heard the awful voice of the court calling their cases from the docket, they were panic-stricken and explained that they could not go to trial. But the judge went on through the list, and finding no business ready for action, he discharged the juries and adjourned court for the term. In answer to protests he says that he has frequently warned the attorneys that they must have their cases ready for trial when called. Keeping a jury of 24 men idle for three or four days, at an expense of \$2 each per day, when the county now has not funds to pay running expenses, is not, he says, good policy. He had the same trouble with the Cairo bar some time back, but all runs smoothly now."

The plan seems to have worked so well there, it might be tried in our own state. Only those who frequent our courts understand fully how much time is often wasted.

ABOUT GRAFTS.

Speaking of "grafts," it is very commendable in our Democratic contemporaries to inveigh against them. One is readily convinced by their statements that the majority of local Democrats in office are not considered capable of detecting a "graft" when they meet one, or else like to hand them out to their friends, and this is a self-evident fact as witnessed by the brick street graft, the gravel graft, the printing graft and various other kinds of Democratic grafts too numerous to mention from time immemorial. The people have learned, however, that if the Democrats can't or won't protect them from "grafts," there are many in the city who can, and a Republican victory next November will be the result. Any man or set of men in office who can't perceive a graft is not endowed with ordinary intelligence, and ought to resign. When street or any other kind of work is to be done any set of men who cannot tell whether the prices submitted for the improvement are too high or not, should abandon an office they are not competent to fill. To say, "We are not going to make any permanent street improvements in Paducah because we are afraid there is some 'graft' in it," would be conclusively as anything show the unfitness of such men to occupy public office. Paducah's salvation rests with those substantial, progressive, successful business men who are to be found occupying high positions in almost every manufacturing and establishment in the city; not with a few broken down or would-be politicians with axes to grind, imported yokels or whom the moss is still green, or that class who are afraid of a

"graft" because they don't know one when they see it.

Our Broadway contemporary in a column article enlightens us this morning with a homily on "grafters" in street improvements. This seems a little peculiar in view of the fact that the only important work ever done in Paducah was by a close friend of our contemporary, who did such a bad job that the city refused to pay for it, and who, although an office holder, now refuses to keep faith with the city and the taxpayers by placing the pavements in the repair required by his contract. This same gentleman, although holding public office, has been allowed to run over the city and taxpayers repeatedly without a protest from our esteemed contemporary, the friend of the people, while other officials are raked over the coals unmercifully for much less. Further, the only person now having a street contract with the city, so far as we know, is the gentleman who furnishes the gravel, and who is alleged to be a stockholder in our morning contemporary. It ought therefore to be in a good position to intelligently discuss street "grafts." We fear our contemporary is opposed to anything that savors of progress, and does not hesitate to bat its own friends over the head in order to hold Paducah back. Or perhaps it hopes to frighten off asphalt, brick or other permanent street improvements so its enterprising stockholder can continue to sell the city gravel.

Agualdo's little petition to this government for \$100,000,000 is certainly an evidence of his extreme modesty. It looks to a man up a tree as if he is being made the cat-paw of some shrewd Yankee schemer. It would seem that the United States government is fully capable of looking after the interests and needs of people of the Philippines without any suggestions from the erstwhile insurgent "statesman." He didn't know enough about what was good for the people not to rebel against this government a short time ago, and he can't be expected to know much more about what's good for them now.

Some of our South American neighbors seem to think the Monroe doctrine is such a good thing it ought to be extended to commerce as well as politics. We don't blame them. It has saved them many a licking, and probably it might save them from bankruptcy occasionally.

Union City, Tenn., wants someone to start a light plant, and offers ten years' exemption from taxation to anyone who will start one. If Paducah's plant were likely to give satisfaction we might try to nudge it on Union City, as the people seem to want one pretty bad.

Senator Quay seems to be quite busy for a man who was not long ago described as a political corpse. He put through his omnibus statehood bill yesterday on a test vote.

GOOD CONDITION

CITY JAILER EVITTS DOES GOOD WORK AT THE LOOKUP.

City Jailer Tom Evitts has been overhauling the interior of the lockup department of the city hall, and has it looking neater and cleaner than it has in years. The walls have all been cleaned and given one coat of white wash. This will be followed by another coat later. The cells have all been cleaned and the bedding thoroughly aired. He has cleaned up the room on the northwest corner of the building and is putting in a concrete floor over the brick. This will be used as his office. Mr. Evitts has purchased a small inn outfit and will serve the night officers, those who go on at midnight, a light lunch every night. This will be free and will not doubt be highly appreciated by the policemen. The lunch outfit has three departments, one for hot water, one for coffee and the other for sandwiches. He will later fix up a large cell for the white women, who will then have a compartment to themselves and will not be crowded into one small cell as heretofore.

TO OPERATE STORES

A Paducah Company to be Incorporated at Once.

Will Have General Merchandise Establishments in Several States.

OFFICERS OF THE CONCERN

A number of Paducah men have become stockholders in a large corporation the object of which is to operate and establish general merchandise stores in Kentucky, Tennessee, and parts of Missouri and Arkansas. It is to be known as the Brower-Fisher company.

Articles of incorporation are being drawn up and will be filed as soon as possible, the capital stock being \$10,000. The officers are:

F. M. Fisher, president.
Charles Brower, vice president.
E. J. Paxton, secretary.
Oscar Starks, treasurer.

There are a number of other Paducah men interested in the company. Already there is one large general store at Tiptonville, Tenn., and another establishment at Owl City, between Ohio and Tiptonville.

It has not yet been decided where others will be started, but it seems the plan is one that is bound to prove successful, as the stores will be supplied from the general stock, and any of them may be moved at a minimum expense should it prove unprofitable.

It is not known how many stores there will be, but it is probable one will be opened at Nortonville, and others in other parts of Tennessee, Missouri and possibly Arkansas.

LEE AND GRANT

THEIR PORTRAITS TO HANG SIDE BY SIDE IN LINCOLN MEMORIAL UNIVERSITY.

Middlesboro, Ky., Jan. 22.—The portrait of Robert E. Lee is to hang side by side that of General Grant in the Lincoln Memorial University at Harrogate, Tenn., just across the Cumberland Gap from here. General O. O. Howard has requested the ladies of the United Daughters of the Confederacy of Knoxville to donate to the Grant-Lee hall a picture of General Lee, which he says he desires to hang alongside one of General Grant. The ladies have set about the work and will buy a magnificent painting of the Confederate general. Already they have raised \$500 for that purpose. General Grant's picture now hangs alone in the hall.

MANY WERE IN PERIL

Bad Negroes Shoot in the Street of Ripley.

One Killed and Another Badly Hurt—Murderer Caught.

Ripley, Tenn., Jan. 22.—This place was thrown into a fever of excitement late yesterday afternoon by a sensational shooting affray on the streets between three negroes and as a result one is dead, one seriously injured and the slayer is in jail.

The difficulty arose in a negro barber shop on South Main street between Ed White and Julius Orrin, growing out of an old feud which dates back to last summer. After a heated controversy White left and soon returned with a shotgun, and in close proximity came his father, Wesley White, who it is claimed, came as a peacemaker, rather than to urge a fight.

Young White never re-entered the shop, but it is alleged used language which enraged Orrin to action, and he emerged from seclusion and after a few words drew his pistol, a .31-caliber, and shot his adversary in the left temple, inflicting a serious, if not fatal wound. White then dropped his gun and ran, Orrin following him with a second discharge, though missing his aim. At this juncture, it is said, Wesley White appeared in defense of his son, and as he stooped for the gun Orrin shot him in the neck, the ball coming out at the mouth, from which, after running some fifty yards he fell in the street and expired in a few minutes.

Orrin was immediately put under arrest by Marshal Wood and carried to jail and Constable Norvell took in custody Ed White, who was sent home under guard after his wounds had been dressed. He will be placed in jail as soon as his condition permits, should he survive.

The trouble occurred at a time when many were returning home and the streets were full of people and it is a miracle that no innocent pedestrians were injured in the melee.

WED IN TENNESSEE.

PROMINENT RAILROADER MARRIED AT HUNTINGDON YESTERDAY.

Huntingdon, Tenn., Jan. 22.—At the residence of E. B. Teachout, traveling freight agent of the Nashville, Chattanooga and St. Louis railway, in this city, Miss Daisy O'Malley was united in marriage to Will Hall, Rev. Wellborn Mooney officiating. A number of friends were present.

Mr. Hall is an old Huntingdon boy and is now employed as assistant night superintendent in the train dispatcher's office in Nashville. He is quite popular in all circles. Miss O'Malley is one of Huntingdon's most lovely and gifted young ladies. She has made her home at Mr. Teachout's for several years.

Mr. and Mrs. Hall left on the evening train for Nashville, where they will reside.

RUNAWAY COUPLE

GIRLS' BROTHER ASKED THAT THEY BE STOPPED IF POSSIBLE.

A young man named Herzog called at the city hall this afternoon and stated that his fourteen year old sister, Phronie Herzog, had eloped with Goettlieb Koerner, aged 21. They all live in the Tyler section of the county above Meachinsburg, and on account of the girl's age it was desired to prevent the marriage.

Captain Henry Bailey telephoned to Metropolis, Ill., and Paris, Tenn., not to issue the license, and further than this there have been no developments. Subscribe for The Sun.

FIRE ON THE FORT

German Warships Bombard San Carlos.

An Explosion at the Fort the Last Heard From—Details Lacking.

VENEZUELAN RETURNED FIRE

Maracaibo, Jan. 22.—Three German warships, supposed to be the Panther, Vineta and Falke, began shelling the fort of San Carlos at 10:30 o'clock yesterday morning. The fort returned the fire.

The correspondent of the Associated Press in a rowboat approached to within three miles of the fort at noon. The roar of the guns was terrific. The Panther appeared to be not more than 800 yards from the fort. Her guns were fired every few minutes. The fort could not be seen for the clouds of smoke, but it was plain that the Venezuelan gunners were answering the German fire splendidly and with great rapidity.

At 1 o'clock in the afternoon an explosion occurred apparently in the fort, and a cloud of smoke covered part of the ramparts. A number of Indian fishermen were interrupted, fleeing from the vicinity of the fort on their dugout canoes. They reported that the smoke seen was the burning village of San Carlos, which had been shelled by the German ships and was in flames.

The shelling of San Carlos has created much excitement among the German residents of this port, who have protested against the action of the warships.

CIRCUIT COURT

ARGUMENTS BEING HEARD IN THE BELL CASE.

The case of F. G. Rudolph, administrator of Charles Bell, against the Paducah Railway Co. for \$20,000 damages for the loss of Bell's life was being argued this afternoon by the attorneys. The evidence was all finished this morning and the attorneys then took the case. A verdict is not expected before night.

In the case of Harry Hillings against the Paducah Furniture Co., in which the jury returned a verdict for the defense, a motion and reasons for a new trial were filed and overruled by the court. An appeal was asked and granted.

The damage suits of the Flinn and Stephensons against the Illinois Central for various amounts claimed as a result of the accident at Dawson last August are next on the docket in circuit court and witnesses are here, but the cases will hardly be reached for a day or two.

SMALL BLAZE

TOP OF A MATCH IGNITES CLOTHING IN CLOSET AT MR. O. H. STARKS.

A slight blaze at Alterman Oscar Stark's home on Washington street near Fifth this morning about 11 o'clock painfully but not seriously burned Mrs. Stark on the hands, but was extinguished before much damage was done.

Mrs. Starks went to the closet to get some clothing, and in striking a match the heat flew off and struck the clothing, igniting it. Mrs. Starks and the servant succeeded in extinguishing the flames before much damage was done, but the loss will be about \$40.

Not Invaluable.

Three Irishmen were discussing the merits of the various fighters in a city saloon, and in conclusion one said: "Yes, gentlemen, the Irish are the greatest fighters in the world." After they left the place a little German, who was contentedly sipping his beer and smoking his pipe, listening to what the Irishmen had to say, remarked to the bartender that he did not think the Irish were such great fighters. The bartender said they proved themselves fine fighting men. "Well, I don't think they was any good as fighters," the German stubbornly contended. "Vy only last week ne and my brudder Gus and anudder fellow whipped one of dem."

American Shoes Go Abroad.

The exporting of American shoes is of comparatively recent growth. In 1895 this country exported only \$1,000,000 worth of boots and shoes, but for the fiscal year 1901 it sent abroad \$5,500,000 worth of boots and shoes, and England and her colonies took \$4,400,000 worth of this total.

FOOD VS. DRUGS.

A DRUG MAN'S WISDOM THAT COUNTS.

It's a shrewd man who while in the drug business, learns that although drugs are all right in their place, the use of proper food will make medicine unnecessary in the majority of cases.

"Traveling through various towns," writes a drug salesman from Lancaster, Pa., "drinking different waters to which I was not accustomed, eating strangely prepared meals at irregular hours, I contracted dyspepsia, accompanied by nervousness, loss of sleep and consequently loss of energy. I often had the 'blues,' that indescribably tough feeling which makes one look on the dark side of every picture, and see the shadows of life rather than the substance, imagine the thousand calamities that were never in existence, and so render life almost unbearable. Many thousands of men under the circumstances would have resorted to stimulation from drugs or liquor.

"I happened to read an article on Grape Nuts about a case similar to my own and determined to give the food a trial. It agreed with me from the start and the miserable distress that usually came after eating did not manifest itself when I ate Grape Nuts. I asked for this food at every hotel at which I stopped and made it the principal part of my meal. My stomach soon got so that I could eat any kind of rich food in connection with Grape Nuts without it distressing me. My dyspepsia and nervousness disappeared and life looked bright and happy once more. I am now well, healthy, happy and able to work 16 hours out of the 24 and can sleep like a healthy child the other eight hours.

"My family soon tires of mushy cereals but we never tire of Grape Nuts. The children thrive on it and enjoy it. You may publish this if you think it will encourage others to try Grape Nuts instead of medicine or spirituous remedies that stimulate the system for a time but do not build it up."

MUCH INTEREST

THE CIRCUIT JUDGESHIP RACE WILL BE AN IMPORTANT ONE.

A great deal of interest is being taken in the race for the Democratic circuit judgeship nomination in Madison and Marshall counties. Three of those who are mentioned for the nomination decline to state whether they will enter or not, which leaves the impression that they are at least thinking of it.

County Judge Lightfoot and Attorney John G. Miller have already announced and friends of Judge J. W. Bloomfield, Judge Wm. M. Reed and Judge James Campbell are daily urging them to enter the contest for the nomination. Should any of the latter three enter it would be greatly complicated the situation, and should all of them enter, it would make the hottest race ever witnessed in the judicial district for such a nomination.

The Man In Charge

On the first and third Tuesdays of each month the Burlington sells homeseekers' tickets to the territory East of the Rockies at one fare plus \$2.00 round trip. On the same dates one-way settlers' tickets to the same region are sold at a trifle more than half rates.

The Burlington best reaches the corn belt, the wheat belt, the livestock areas of the Louisiana Purchase, and, in connection with the Northern Pacific and Great Northern Railroads, forms direct routes to the upper Northwest country through St. Louis or Chicago.

The generous harvest of 1902 in the West is a strong appeal to homeseekers and investors to see the rewards now being gained by farmers, stock raisers and fruit growers, not only in the regions of natural rainfall, but in the spreading irrigated districts of Eastern Colorado, Northwest Nebraska, the North Platte and Big Horn Valleys of Wyoming, also of Idaho, Montana and Washington.

Send for any of our special land publications, all free—"Nebraska," "Black Hills Mining," "North Platte Valley," "Big Horn Basin," "West Nebraska Grazing Country," "The Corn Belt," also of Minnesota, the Dakotas, or the Northwest.

HARD LUCK STORY

A KENTUCKY MAN LOSES IN A BUNCH.

Evansville, Ind., Jan. 22—Andrew Brown, a farmer living near Beech Grove, Ky., a few miles across the river from this city, has been purged by a strange fatality during the last week.

A week ago he lost his wife, who died of pneumonia. Two days after he buried her his only child died of the same disease. Yesterday while he was away from home his house caught fire and was destroyed along with the contents. At the same time his cattle and hogs in the Green river bottoms were drowned by the high water.

Mr. Brown is one of the leading farmers of Henderson county, Ky.

REV. CHARLES P. B.

MARTIN, L. L. D.

Waverly, Texas, writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons, needing a medicine for throat or lung troubles." Price 25c, 50c, \$1 bottle. Sold by Du Bois, Kolb and Co.

RAILROAD BANQUET

AGENT TO BE HONORED AT LOUISVILLE.

Invitations have been issued to a farewell banquet to be given at Louisville to Frank B. Bowes by the railroad fraternity. Mr. Bowes, who is well known in Paducah, was formerly general freight agent of the Illinois Central, but a few weeks ago was promoted to the position of Traffic manager of the same road, with headquarters at Chicago.

It is intended to make the banquet an elaborate affair. About 100 guests will be present.

IF UNWELL

Try a 50c bottle of Herbine, notice the improvement speedily effected in your appetite, energy, strength and vigor. Watch how it brightens the spirits, gives freedom from indigestion and debility!

Isaac Story, Ava Mo., writes, Sept. 10, 1900. "I was in bad health, I had stomach trouble for 12 months, also dumb chills. Dr. J. W. Mory prescribed Herbine, it cured me in two weeks. I cannot recommend it too highly, it will do all you claim for it." Sold by DuBois, Kolb and Co.

A POINTED LECTURE.

When Jasper Abbott was on last Saturday morning brought before Judge Vickers to receive sentence he received a lecture from the court that was not only pointed but bristled with timely and wholesome advice. The prisoner was reminded that he now occupied his present unfortunate position from two causes; one from getting beastly drunk and the other from the habit, pursued by a great many young fellows, of sticking a pistol down in his pocket with the expectation of using it if opportunity afforded. The judge said he had often thought the penalty for carrying concealed weapons ought to be made a penitentiary offense because so long as the unlawful habit prevailed no man's life was secure.—Metropolis Journal-Republican.

LOW RATES WEST AND NORTHWEST.

Commencing February 15 and continuing daily until April 30, the Illinois Central railroad company will sell one-way second class colonists' tickets from Paducah to Billings, Helena, Missoula, Ogden, Salt Lake, Spokane, Portland, Tacoma, Seattle and intermediate points at extremely low rates, with stop-over privileges west of the first colonist point. For further information apply to

J. T. DONOVAN, Agent,

When Babies Walk.

Experiments upon 1,220 children show that 95 per cent began to walk under the age of twenty-four months; a little over half under eighteen months; one-third under twelve months; 10 per cent under ten months. Three babies out of the whole number began to walk under eight months.

SIMPLE COLDS.

Cease to be simple, if at all prolonged. The safest way is to put them aside at the very beginning. Ballard's Horehound Syrup stops a cold and removes the cause of colds. 25c, 50c and \$1 a bottle.

Food and Brains.

The advantage of fasting for intellectual work is being exemplified by a professor of the West Virginia university, who will refrain from eating food for 30 days, during which time he will deliver his customary lectures to the class of the summer quarter. It is the professor's idea that the less food there is in the stomach the more blood can be drawn to the brain, and that its action should be superior in every way to that of a man who is clogged with food. It will be interesting to watch the professor's lectures daily becoming more brilliant while his weight decreases. One can imagine that the farther he gets to intellectual wisdom, until, when he arrives at the 30th day of his fast, the thinking world will be simply dazzled by the intellectual outburst. If this is demonstrated, all we need to do to produce a "Thanatopsis" or a "Gray's Elegy" is to take a commonplace poet and place him in a cell for thirty days on a diet of filtered water.

Egyptian Musical Instrument.

The klesar is one of the most ancient of Egyptian musical instruments. It is found represented in monuments antedating the date of Christ by 2,000 years. It consists of a circular body, with a large triangular frame above, from the cross-bar of which five strings pass to the bottom of the frame.

Pretty Children

"We have three children. Before the
birth of the last one my wife used four bot-
tles of MOTHER'S FRIEND. If you had the
pictures of our children, you could see at
a glance that the last one
is healthiest, prettiest and
finest-looking of them all.
My wife thinks MOTHER'S
Friend is the greatest
and grandest
remedy in the
world for expect-
ant mothers."—
Written by a Kea-
tucky Attorney-at-
Law.

MOTHER'S FRIEND

prevents nine-tenths of the
suffering incident to child-
birth. The coming mother's
disposition and temper remain unaltered
throughout the ordeal, because this relax-
ing, penetrating liniment relieves the
usual distress. A good-natured mother
is pretty sure to have a good-natured child.
The patient is kept in a strong, healthy
condition, which the child also inherits.
Mother's Friend takes a wife through the
crisis quickly and almost painlessly. It
assists in her rapid recovery, and wards
off the dangers that so often follow deliv-
ery.

The Joe Fowler arrived from Evans-
ville last night at midnight and left
at 8 o'clock this morning on her re-
turn trip. A new rider was put on
her last night while she was here.

Up-river parties are considering the
purchase of the little stern wheel
steamer Charles Orrin at Evansville.
They desire to purchase the boat to
ply between Livermore and Calhoun.

The stockholders of the Pittsburg
and Morgantown Packet company
will today consider the rebuilding of
the Colombia, which was burned in
the port last Friday. The hull of the
boat, with slight repairs, will be fit
for new equipment.

The steamer Charles B. Pierce, of
Louisville, the packet recently pur-
chased by Captains O. Bauer and John
Carnes, will be brought here as soon
as the ice is running lighter and placed
in the Paducah and Golconda trade.
She is a large boat and will make a
trip every day, it is said.

WAS ASSAULTED

THIS IS WHY MR. ED TERRELL
SHOT A COLORED FARM
HAND.

Mr. E. C. Terrell, the contractor,
stated this morning that the facts in
the shooting case reported from his
farm in Ballard county are that a
young negro named Torian, whose
father lives in Rowlandtown, this
city, has been employed by him for
the past four or five years, and was
down on the farm hauling corn when
Mr. Terrell was there several days
ago.

It seems that two of the colored
drivers went for their dinner at twenty
minutes to noon, leaving their
wagons full of corn, and were ordered
to return and unload them before din-
ner. This made them mad.

After dinner Mr. Terrell and Mr.
Jim Flonroy, who has charge of the
farm, went into the room where the
negroes were, and in response to a
question as to whether or not they had
unloaded the wagons Torian insolently
said he "wouldn't do a d—d thing"
until he had eaten dinner. Mr. Ter-
rell told him there was no use in talk-
ing that assy about anything, and
Torian, with a dangerous look in his
eye, seized him by the collar and
stuck his hand in his pocket, where-
upon Mr. Terrell shot him through
the fleshy part of the stomach. Mr.
Terrell says he could easily have kill-
ed the negro, but only wanted to pre-
vent the latter from killing him.

Torian is now at the home of his
father in Rowlandtown and is getting
along well.

Mr. Ed Holland and family, who
have been living in Georgia, arrived
today to again reside here.

Theatrical Notes.

Miss Flora Mae Clark is reported
quite ill in Chicago, where her com-
pany, "Man to Man," is playing. If
she does not improve in a day or
two her sister, Miss Eugenia Clark,
will leave for her bedside.

The cast engaged to present "The
Silver Dagger" is one of the best
that has left New York this season.
Every member of the company has
been engaged with a view to his or
her special fitness for the role es-
sayed. The result is a magnificent
performance. Seats on sale tomorrow.

Many patrons of The Kentucky
have received marked copies of the
Louisville papers reviewing Mrs. Le-
Moynes' brilliant success there a few
days ago in "Among Those Present,"
which she will play here a week from
tomorrow. The critics there, who are
always severe, say that her work and
that of her company could not have
been improved from any standpoint.
Theater-goers here are promised a
treat.

"A Royal Slave" was taken from
an actual occurrence, the scenes be-
ing reproduced from photographs of
old Mexico, around which the play
was written. The characters of
Aguila, El Capitan, a noted bandit,
and Juan Alvarez, figure in many
parts of Mexican history. The cast
has been carefully selected, the mem-
bers of the company being especially
engaged for their respective roles. At
The Kentucky tomorrow night. Seats
now on sale.

On the ground that nothing is so
satisfying in the way of theatrical
amusements as a first class comedy well
interpreted, Mrs. LeMoynes' engage-
ment here at The Kentucky Friday,
Jan. 30, in Glen MacDonough's play,
"Among Those Present," should prove
a big magnet to all classes of play-
goers. There is said to be laughter
galore in this piece, together with un-
forced sentiment and situations of
striking dramatic power. The leading
role, that of a leader of New York
society, is a sympathetic and interest-
ing one, and everywhere Mrs. Le-
Moynes has gone this season she has
scored a great hit. The well known
actress will be supported by a well
balanced cast of players.

The company in "The Belle of New
York" is a large one and is headed
by Mr. Ned Nye, an exceptionally
clever comedian, as Ichabod Bron-
son. Miss Floye Redledge is the
pretty and demure Salvation Army
lassie, who protests that when she ex-
ports her auditors to "follow on and
the lights of faith they shall see,"
that "they never proceed to follow
that light, but always follow me."
Mr. Harry A. Truax is the younger
Bronson, and his fine baritone voice is
heard to good advantage. Joe Natus
is Blinky Bill, Miss Marie della Rosa
is the petite Fifi, James Daring con-
tinues in his famous role of Kenneth
Mugg. Miss Charlotte Uart is the
comic opera queen. Miss Toby Craig
is the pert Mamie Olaney, and Max
Bloom is the polite lunatic. Seats are
now selling.

THE CAIRO RAILROAD

THE OTHER PROPOSED ROAD
HAS NOT BEEN ABANDONED.

It is understood that the other pro-
posed railroad from Paducah to Cairo,
which was talked of and considered a
sure thing before the Illinois Central
railroad began its Cairo branch, is not
by any means abandoned, and that a
meeting of the directors is to be held
shortly.

From reports, the intention at the
projected road is not solely to secure
the business between Paducah and
Cairo but to act as the link in a chain
that would greatly benefit another
road.

COLONEL TILLMAN SILENT.

HAS NOTHING TO SAY ABOUT
THE DEATH OF EDITOR
GONZALES.

Columbia, S. O., Jan. 22—Colonel
James H. Tillman, whose term as lieut-
enant-governor expired today, and
who is in jail charged with the murder
of N. O. Gonzales, is silent, so far
as the public is concerned. The in-
quest will be resumed tomorrow.

Today hundreds of Columbians and
many from other places visited the
grave of Mr. Gonzales in Elmwood
cemetery.

John J. McMahon, whose term as
state superintendent of education ex-
pired today, has published a letter
urging the erection of a monument to
Mr. Gonzales.
